O CANADA
LOYOLA VICTORY MARCH

HENRY IV, Part I, is one of a trilogy of plays (Henry IV, Part I and II; and Henry V) which trace the development of Henry V from early manhood to kingship. The action of this first play is twofold: one part concerns the rebellion against Henry IV; the other concerns the life and reformation of Prince Henry. They continue side by side until the Prince joins his father's forces to crush the rebellion.

Henry IV had gained the throne with the help of Worcester, Hotspur, and Northumberland, by overthrowing his cousin Richard II. Edmund Mortimer, however, was the rightful heir. As the play opens, it is learned that Mortimer is the prisoner of Owen Glendower, a Welsh chieftain against whom he was waging a campaign, and that Hotspur refused, a custom then, to give the king his prisoners on which a ransom was to be collected. The king summons The Percies, refuses to ransom Edmund Mortimer, and demands Hotspur's prisoners. Worcester takes advantage of the quarrel and sets Hotspur on to revolt, for he himself is discontented at the present rule. The rebellion, however, is unsuccessful.

While the rebellion takes shape, Prince Hal, unconcerned with the affairs of government, is living in the merry company of Falstaff and his crew of "good fellows". He is however, of a noble nature and quite aware of his company.

The good fellows plan the robbery of certain pilgrims on the road to Gadshill. Poins and the Prince in turn plan to rob Falstaff and the others who will execute the original robbery. They carry it off and enjoy the ravings of Falstaff who bemoans the loss of the money (which the Prince pays back) and boasts of

his having fought fifty men trying to preserve the booty. During their merry-making, news comes of the rebellion. The Prince reconciles himself with his father, and prepares for battle.

Here the two actions unite as the Prince leads Henry IV's army to bloody victory over the rebellious Percies on the field of Shrewsbury and destroys the redoubtable Hotspur in single combat to realize Sir Richard Vernon's words:

*"But let me tell the world,—
If he outlive the envy of this day,
England did never owe so sweet a hope,
So much misconstr'd in his wantonness."*
